MANY MATTERS DISCUSSED AND SOME REMEDIED.

City Council Held Regular Semi-Monthly Session.—An Offer Received for Engine.

The City Council met in regular session Monday evening with all the members present.
Bills to the amount of \$968.65 were approved and ordered paid.
The report of the inspectors and clerk of the special election Monday was received and ordered placed on the minutes.

The ordinance committee asked for further time on the proposed revenue ordinance which has already passed two readings. The request was granted.

A communication was received from the Daytona Bottling Works regarding sanitary matters. The communication was referred to the sanitary committee.

The petition from E. G. Longe for permission to maintain a fish boat along the water front was laid on the table. The petition has been before the council for some time.

A petition was received from property owners on West Volusia avenue asking that the street be shelled. The petition was referred to the ordinance committee with instructions to draft an ordinance covering the matter.

The city treasurer has not yet given bond and the finance committee was requested to draw a personal bond and have the same executed.

M. H. Zuber offered \$100 for the Waterous fire engine but the offer was declined.

Complaint was made about the telephone company leaving wire and refuse in the city parkage and the clerk was directed to notify the company to clean up instantly.

The marshal was instructed to procure uniform and hat.

The assessor was authorized to procure someone to assist him in fixing valuations.

Other minor business was transacted after which the council adjourned.

ARE AFTER BURIED TREASURE HIDDEN BY SPANISH PIRATES.

Huge Crab Brings up a Spanish Doubloon and Has incited Men to Work.

A dispatch published in northern papers from Greenwich, Conn., states that J. R. Chard, a wealthy resident of that city, has been spending a month near New Smyrna, Fla., and believes he has found the spot where a vast Spanish treasure is buried. Mr. Chard is now carrying on operations for its recovery.

The dispatch states that while fishing lately Mr. Chard caught a huge crab, clinging to the claws of which was a corroded piece of metal which he has found to be a Spanish doubloon of 1608. Since then he has investigated the traditions of the vicinity and learned that early in the seventeenth century a band of Spanish buccaners made their headquarters at or near the point where the crab was caught.

Mr. Chard is now working to unearth the vast treasure and Spanish doubloons will soon be as common as pennies—if he finds it.

No Salary Then.

Editor Gazette-News—I think that you do me an injustice in your issue of August 15th, as your item in regard to the mayor returning to the city the money received for fines, etc., is misleading. Until recently the law gave a part of the fines to the mayor, as he received no other pay for his services.

Yours Very Truly,

Geo. H. LEWIS.

VOTERS DECIDE TO BOND THE CITY FOR \$50,000.

A System of Waterworks to Be Installed.—The Proposition Carried by 30 Majority.

At the special election held Monday the voters of Daytona elected to ratify the ordinance providing for a bond issue in the sum of \$50,000 for the purpose of installing a system of waterworks under municipal ownership.

A total of 88 votes were cast; 57 were in favor of bonding, and 27 opposed the proposition; 4 illegal votes were cast.

The following gentlemen were elected as a Board of Public Works: F. N. Conrad, E. W. Greene, D. D. Rogers, F. D. Spring and Wm. Atwood.

The board will probably meet and organize very soon and have the bonds prepared and executed, when they will be offered for sale.

An Extensive Traveller.

In 1901 Earnest Curtis, one of the energetic boys of Daytona, left home and entered a business college in Atlanta, Ga. He graduated and held a position of bookkeeper until 1904, when he decided to go west to seek his fortune. After spending the month in California, he enlisted in the navy for four years. In two months he graduated from the yeoman's school, and in four years he rose from the lowest position in that work to the highest, that of chief yeoman. He holds a certificate of honorable dismissal, bearing the grade of 49, where 5 would be perfect.

He has been for three years on the torpedo destroyer, Pebble, which plies the Pacific waters from Canada to Mexico. In two years they have covered 30,000 miles. He has re-enlisted for four years, and after his one month of vacation he is to report to Norfolk, Va., for directions. To add to his summer vacation trip he brought with him from Atlanta, Ga., his cousin, Miss Anne Lee Thornton. Here's to a pleasant vacation and continued success.

Music at Rollins College.

Lovers of music throughout the State and beyond will be interested to learn that the trustees of Rollins have secured Walter Drennen as instructor in vocal music and in harmony and musical theory, for the coming year. Mr. Drennen will also conduct the chorus class which has always been so fine and satisfactory a feature of the college life, and will organize a Glee Club which will give concerts in some of the leading cities of the State. Mr. Drennen has many friends in Daytona having visited here last winter.

Mr. Drennen belongs to one of the well known families of Birmingham, Alabama, his father, Dr. Chas. Drennen, having moved to Orlando some years since. He studied vocal music for four years in Boston with such famous instructors as Myron Whitney, Sr., George Parker, Carlton Slack, Mrs. Caroline Gardiner Clark, Miss Elizabeth Reed, and Benjamin Lang, and worked extensively in theory and composition with Homer Norris, Arthur Foote and Horatio Parker. He also studied four winters in New York with Isidore Luckson, Arthur Phillips and Victor Harris, besides having special lessons with such famous opera singers as Edythe Walker and Pol Plancon. Mr. Drennen is a superb singer, in voice, temperament, style and expression; he is also a composer of remarkable gifts and requirements and a teacher of rare enthusiasm, sympathy, skill and patience. Rollins is fortunate in having secured his services. Miss Helen Kathryn O'Neal will continue as instructor in the piano-forte.

Notice of Teachers' Examination.

The regular September Teachers' Examination will be held, respectively in the white and colored school houses at DeLand, beginning Sept. 8th, at nine o'clock. The law requires an examination fee of one dollar, and that all examinees provide themselves with good cap paper, pens and ink.

Respectfully,
A. O. BOTTS, Supt.

THE REGISTRATION BOOKS WILL OPEN SEPTEMBER 7TH.

And Remain Open Every Saturday and Monday Until October Tenth.

Commencing Monday, September 7th, the State and County Registration books will open in every precinct in Volusia County and remain open every Monday and Saturday until October 10th, when they will close.

There are many persons in most every precinct who can qualify by registering. This is especially true in the Daytona precinct, where many labored under the impression before the last primary that they were registered. This misapprehension is generally in cases where they have registered on the city registration books. Prospective voters should remember that the two sets of books are entirely separate and to vote in State and County elections you must register on the State and County books. To vote in a city election you must be registered on the city books.

County Supervisor of Registration J. R. Wetherell has appointed the following registration officers to serve in the various districts throughout the county:

No. 2 Orange City—John B. Welch.

OFFERS A REWARD OF \$500 FOR ARREST OF MURDERERS.

Governor Broward Offers Above Reward.—The Crime Was Committed in 1891.

After a delay of seventeen years a reward of five hundred dollars has been offered for the apprehension and conviction of the atrocious murderers of Mrs. I. D. Hatch, Bennie Hatch, Adelaide Bruce and Frankie Packwood, which occurred near Oak Hill in December, 1891. The four victims of the murderers lived in the Packwood house near Oak Hill.

The family had retired for the night, when three men went to the door and called Mrs. Hatch went to the door and was shot down. The murderers then went in and shot Bennie Hatch. Miss Bruce and Frankie Packwood were hiding in Miss Bruce's room. They were found and the boy thrown to the floor when Miss Bruce was seized and outraged, after which they shot her and cut the throats of both her and the boy.

Several parties near Oak Hill have been implicated in this affair but enough evidence to convict has never been secured. The Governor hopes by offering a reward of \$500, to secure evidence that may lead to their apprehension.
